# NFS-320

Built for Speed

- 1 SLC
- 318 intelligent points (159 detectors/159 modules)
- 4 on-board NACs
- Networkable (NOTI-FIRE-NET - standard or high-speed)
- 80 character LCD display QWERTY keypad
- BACNET/IP and MODBUS/IP compatible

The NFS-320 is engineered for small applications, incorporating features that minimize installation time, enable faster response times, and simplify maintenance and usability. The NFS-320 offers all the sophistication and premier performance synonymous with the ONYX Series. It just does it on a smaller scale.

Speed of Installation

With the NFS-320's auto-program feature, fire protection can be established in seconds. Additional programming can be accomplished with the built-in QWERTY keypad, or with the VeriFire tools programming utility.

Speed of Detection

NOTIFIER's patented FlashScan protocol combined with ONYX Intelligent Sensing, featured in every ONYX Series panel, exceeds worldwide code requirements for response time, and ensures a fast, accurate response to smoke and/or heat conditions.
